MAIN LT PANEL

Our organization is a sound name of the industry engaged in offering a comprehensive range of LT Panel to the valued patrons. Offered range of panels are manufactured using supreme grade raw material in accordance with industry standards and guidelines. Our team fabricates the range as per the desired requirements of the patrons to stand tall on their expectations. Range that we offer comprise LT Panel and Main LT Panel that can be availed in various sizes and grades as per the clients needs and demands.

- LT Panel

A.P.F.C PANEL

We manufacture Thyristorised APFC Panels for power factor correction. The transmission effect created by electro-mechanical switched system is avoided by smooth connection and disconnection of capacitors to and from the network. The switches are resistant to wear and tear during the continuous process and thus capacitors remain safe. By taking into consideration advanced closed loop and measuring unit, the power factor is controlled very precisely. Reduction of inrush current protects the capacitors from exploding thus resulting in longer life.

A.M.F PANEL

We supply High quality AMF Panels after analyzing the clients requirements.

D.G SYNCHRONIZATION PANEL

Being a quality centric organization, we are involved in manufacturing, distributing, supplying and trading a quality range of DG Synchronizing Control Panel. These are manufactured by utilizing supreme quality raw materials and cutting edge technology. Moreover, our delivered DG Synchronizing is attainable at market leading prices.

DAIRY PRODUCTS PANEL – CIP & STP PANEL

We are engaged in manufacturing and supplying a high quality assortment of CIP And STP Panels. These panels are engineered by using premium grade material and advanced technology in compliance with the set industry norms. In order to ensure quality, these control panels are rigorously tested on various quality parameters. Moreover, our these panels are acclaimed in market for durability, easy installation, longer life and robust construction. These CIP And STP Panels can be availed from us at industry leading rates.
